Birdies for Charity® not only serves as a fundraiser for these charities, but deepens the connection between the AT&T Pebble Beach National Pro-Am and the hundreds of worthwhile programs it benefits each year through Monterey Peninsula Foundation.

In addition, a winner was named for the *Guess the Birdies* component of the program. For guessing most closely the number of birdies scored by PGA TOUR professionals during tournament play, William and Harriet Brin of Hollister won two \$500 roundtrip Continental Airline tickets. The Brin's donated to Hospice Foundation.

Net proceeds from the AT&T Pebble Beach National Pro-Am go to support a wide variety of charitable organizations. Since the tournament moved to the Monterey Peninsula in 1947 Monterey Peninsula Foundation has made charitable donations totaling more than \$73,000,000.

Dustin Johnson was declared the winner of the 2009 AT&T Pebble Beach National Pro-Am at the conclusion of 54 holes. The 2010 tournament is schedule for February 8<sup>th</sup> – 14<sup>th</sup>.
